INDEX.

A

Abdomen, hydatids of the, 574
Abdominal tumours and gestation, 128, 190
Abortion, instrumental, 208; trial for, 560
Abscess between the abdominal walls, 91; in the walls of the abdomen, 696
——— of the liver, 166; and loin, ib.; from dysentery in a hot climate, ib.; following hepatitis, ib.
Accidental poisoning, 226
Acclimatization of produce, 209
Accouchements in the streets, 284
"Accrington," the mortality on board the, 63, 253; the real authors of the calamity on board the, 176
Acetabulum, fracture of the, 495
Acupressure, arrest of hæmorrhage by, 129
——— in operations, 231
Acute Diseases, Clinical Lectures on certain (review), 198
——— neuralgia cured with the aid of the continuous galvanic current, 520
Adams's, Mr. J., case of femoral hernia, 405
Addison, Dr., cases under the care of, 10, 242, 346
Ad eundem degrees, questions relative to, 388
Adulteration, Mr. Scholefield's Bill for the prevention of, 251, 656; of food and drugs, 336
Ague, combined with eruptions of secondary syphilis, 346
Albuminuria, acute and chronic, observations on the treatment of, 489
Alcoholic drinks, 120
Alderson, Dr., case under the care of, 536
Aldis, Dr. C. J. B., poisoning by Goulard's extract of lead, 33
Allarton's lithotomy operation, on, 568
Ambulance cars in connexion with our factories, 286
Amyloid Degeneration of various Organs of the Human Body, on the Nature of the Substance found in the (review), 523
Anchylosed elbow, forcible flexion of, 572
Aneurism of the intra-thoracic aorta, 470; from anastomosis, on the treatment of, by excision, 516
Animalcules, on some phenomena of the nervous life of, 221
Animal physiology, 72
Ankle-joint, chronic disease of the, 320
Annus medicus 1859, the, 16
Anomalies Dentaires, des, et de leur Influence sur la Production des Maladies des Os Maxillaires (review), 60
Anus, an almost imperforate, 218
Aorta, aneurism of the arch of the, 137
Apoplexy of the pons Varolii, 421
Apothecaries' Hall, pass-lists of, 49, 63, 103, 121, 155, 208, 231, 359, 282, 308, 334, 362, 385, 409, 434, 456, 482, 507, 531, 559, 585, 609, 633, 656
Appointments: Dr. Brown-Séquard, 23; Dr. J. S. Ramskill, ib.; Mr. F. A. Nesbitt, ib.; Mr. A. E. Sansom, 49; Mr. T. C. Jackson, ib.; Mr. Leonard, ib.; Dr. R. Bennett, 76; Dr. Tilt, 103; Mr. W. E. G. Pearse, 155; Dr. Hardwick, ib.; Dr. Steventon, ib.; Dr. Tanner, 180; Dr. Meadows, ib.; Dr. Ed Smith, ib.; Mr. J. Lister, ib., 409; Dr. Stone, 208; Dr. Frodsham, ib.; Dr. A. T. H. Waters, 282; Mr. C. Bateman, 359; Mr. G. Cowell, 283; Mr. Croker, ib.; Mr. A. T. Handsley, ib.; Dr. W. Hamilton Roe, 309; Mr. G. V. Cooper, ib.; Mr. J. Bayldon, 334; Dr. G. Lawrence, ib.; Dr. Cobbold, 362; Dr. O. Jepson, ib.; Dr. T. Skinner, 385; Mr. Fitzgerald, ib.; Dr. P. H. Watson, 409; Dr. M'Cann, ib.; Dr. Grally Hewitt, 434; Dr. Tyler Smith, ib.; Dr. Ladd, ib.; Mr. E. F. Weston, ib.; Mr. R. Harrison, 456; Dr. M. Prosser James, 507; Dr. Adolphe Barrant, 530; Dr. C. Bader, ib.; Mr. J. R. Shorto, 633; Mr. F. Mason, ib.; Mr. J. H. Thomas, ib.; Dr. G. N. Edwards, 657; Mr. E. C. Hulme, ib.
April, an unhealthy, 592
Aquatic tombstone, the, at Hyde-park-corner, 647
Architects and sanitary science, 250
Archives of Medicine (review), 524
Arm, scirrhous tumour of the, 118
Army Hospital Corps, 23
——, flogging in the, during 1858, 155; medical directorship of the, 180; health of the, 259; medical department, pass-lists of the, 76; medical warrant, the, 154; medical inspection, 232; Medical School, appointment of the senate, 356; medical service, qualifications and examination of candidates for commissions in the, 407; hospital administration, improvement in, 425
Arnott, Dr. C. D., complicated injuries about the shoulder-joint, 432
——, Dr. J., on the curability of cancer, 59; blunt urethrotome for stricture of the urethra, 406
Arsenic-eater, the confessions of an, 579
Arsenical fly-papers, 145
——— paper, on a singular case of poisoning by, 8, 129
Arteries, atrophy and degeneration of the, 5, 31, 83, 269, 542; calcification of the, 543
Ashton, Mr. H., professional advertising, 158; on a case of Cæsarean operation, 440
Association of Foreign Graduates, 657
Asthma, its Pathology and Treatment, on (review), 642
Atheromatous expression, on the, 463
Atlantis, the a Register of Literature and Science of the Catholic University of Ireland (review), 447
Atrophy and degeneration of the arteries, &c., notes on, 5, 31, 83, 269, 542
Australia, medicine in, 301; infanticide in, 533
Autoplasty of the periosteum in false joint, 351
Axilla, milk from the, 573
Axillary aneurism, on the treatment of, 444

B

Bailey, Mr. F. J., unusual length of the umbilical cord, 304
Bakers, diseases of the, 284
Balfour, Dr. G. W., on the proposed Vaccination Bill for Scotland, 331; on the best method of preserving vaccine lymph for use, 357
——, Dr. T. G., syphilis in the army, 231
Ballard, Mr. T., a New and Rational Explanation of the Diseases peculiar to Infants and Mothers; with Obvious Suggestions for their Prevention and Cure (review), 374
Bankrupt? can a physician be a, 612, 635
Barcelona, medical and literary institutions at, 259
Barker, Dr., case under the care of, 168
Barlow, Dr., case under the care of, 346
Barnes, Dr. R., a clinical examination of the value of the operation of turning in labour obstructed through coarctation of the pelvic brim, 291, 341, 340, 541
Barwell, Mr. R., on the pathology and treatment of scrofulous diseases of the synovial membrane of joints, 594, 618, 640
Basham, Dr. W. R., practical clinical remarks on particular forms of renal disease, 27, 79
Bath, the purgatory of the, 580
Battersea-park, improvements in, 363
Bauer, Prof. Louis, Gustaf von Düben's Treatise on Microscopical Diagnosis (review), 276
Beale, Mr. G. M., phlegmonous erysipelas of the left upper and lower extremities in a child three weeks old, 293
——, Dr. Lionel S., Archives of Medicine (review), 524
Beavan, Mr. J. P., the Registration of Births and Deaths Bill for Scotland, 529, 583; compulsory gratuitous services to the State under penalty, 484
Beck, Mr. J. T., medical relief, 636
Bedford General Infirmary, 300; the surgeons and committee of the, 378
Belfast Medical Society, annual meeting of, 482; anniversary dinner of, 610
Belfour, Mr. E., John Hunter's MS. on geology, 72
Belgium, new hospital in, 51
Bell, Sir C., memoir of, 345
Belladonna, on the action of, on the secreting mammary gland, 143
Bennett, Dr. Risdon, case under the care of, 168
Bequest, munificent, to an hospital, 381
Bibron's antidote, 181
Biggs, Mr. R., on a singular case of poisoning by arsenical paper, 8
Bile ducts, disease of the, 296
Bill to amend the Medical Acts, 204
——— to amend the Law relating to the Unlawful Administering of Poison, a, 238
Bird, Mr. H., treatment of sewage, 538
Birds, Willy's Book of (review), 40
Birmingham and Midland Counties Medical Registration Association, resolutions of the committee of the, 239; successful prosecution of an illegal practitioner by the, 433; special meeting of the committee of the, 533
——— Dental Dispensary, the, 209
——— philanthropist, the, 527
Birth of the ovum entire, 311
Births, marriages, and deaths, 24, 57, 104, 157, 233, 260, 284, 330, 410, 463, 534, 587, 634, 658
Bismuth, use of the carbonate of, 10
Blackfriars, the setting sun in, 426
Bladder, extrophy of the, 59; absence of the, 325; vermiform substance passed from the, 421; villous tumour of the, 469; fourteen stones in the, of a man, 596
Blennerhassett, Dr. H., on the Extremely Rare Occurrence of Consumption in Dingle and its Neighbourhood (review), 447
Blennorrhagia, classical treatment of, 77
Blind, the state of the, in Ireland, 553
Bloodletting in disease, on, 373
Blood-stains, detection of, 33
Bloomsbury County Court: De Cordova v. Barker, otherwise De Roos, 130
Blower, Mr. W., retirement of, 533
Blow pipe, a new, 524
Blunt urethrotome for stricture of the urethra, description of a, 406
Bolton, Mr. A., ambulance cars in connexion with our factories, 286
Bombay, cholera in, 550
Bones and Joints, Wagner on the Resection of (review), 222
Bone-setters in France, 575
Bony plates on the spinal arachnoid, 323
Books, a batch of (review), 574
Bowman, Mr. W., Dr. Newton Heals and the Royal Society, 153
Braid, Mr. J., sudden death of, 335
Brain and Disorders of the Mind, on Obscure Diseases of the: their Pathology, Diagnosis, Treatment, and Prophylaxis (review), 498, 543, 631
——— and muscle, the claims of, to the franchise, 352
——— disease, obscure, 213
Breast, scirrhus of the, 295
Bribe, a homœopathic, 560

Bridgwater Medical Society, inaugural meeting of, 104
Brinton, Dr., clinical remarks by, at the Royal Free Hospital: irregular ague, 82; necropsy after a complex diagnosis, 134; chlorosis as a cause of venous obstruction, 163; complications and varieties of cirrhosis of the liver, 186; obscure brain disease, 213; complex heart disease, 240; pleuro-pneumonia and pericarditis, 292; the cure of typhoid fever, 301; complicated cancer of the stomach, 417; fatal peritonitis, 515; the treatment of delirium tremens, 592
British Association for the Advancement of Science, meeting of the, 262; annual meeting of the, 610
——— Museum, the scientific departments of the, 284
——— scientific investigators and the French medical press, 233

A MIRROR OF THE PRACTICE OF MEDICINE AND SURGERY IN THE HOSPITALS OF LONDON.

CANCER HOSPITAL.—Variety and number of cases of cancer affecting the female breast, 545

CHARING-CROSS HOSPITAL.—Removal of the whole of the acromion process of the scapula, 194—congenital dislocation outwards of the left patella, 293—Disarticulation of the hip-joint after two previous amputations in the thigh; fatal result, 319—Stone in the bladder of a girl aged six years; extraction; recovery, 371

GREAT NORTHERN HOSPITAL.—Two cases of stone in the bladder; lithotomy; recovery; the second case operated upon for the third time, 372—Fatal encephalitis following a slight scalp wound, 493—Fourteen stones in the bladder of a man aged seventy-two; lithotomy; unsuccessful result, 596

GUY'S HOSPITAL.—Leucocythæmia splenica; the patient relieved by treatment, 10—Saturnine disease, from the use of snuff adulterated with lead; palsy of the upper extremities, 61—Saturnine disease, from drinking water contaminated with lead; wrist-drop, ib.—Typhlo-enteritis: inflammation of the cæcum in a chronic form, 115—Chronic intestinal obstruction; Amussat's operation for artificial anus; survival for thirteen days, 242—Strumous ulceration of the larynx, with destruction of the right half of the epiglottis, thyroid, and cricoid cartilages; tracheotomy; death on the eleventh day, 271—Fibrous tumours of the lobule of the ear, 294—Tertian ague; considerable enlargement of the spleen; recovery from the former, and diminution of the latter, 346—Ague, combined with eruptions of secondary syphilis; spleen much enlarged; complete recovery, ib.—Embolon in the left carotid and cerebral arteries, and also in those of the spleen and kidneys; fatal result, 460

HOSPITAL FOR SICK CHILDREN.—Imperforate rectum; performance of Littlé's operation in the left groin: fatal result, 243

KING'S COLLEGE HOSPITAL.—Leucocythæmia splenica; the patient subject to ague twelve years before; relief by treatment, 10—Modification of Wood's operation; death, 34—Radical cure of hernia; a new modification of Wutzer's operation, 35—Saturnine disease, produced by the daily scouring of pewter pots, 61—Extensive disease of the shoulder; excision of the joint; recovery, with a useful arm, 192—Chronic disease of the ankle-joint; amputation of the foot by Pirogoff's operation; recovery, with a good stump, 320—Mild tertian ague, of recent occurrence, readily yielding to treatment; no enlargement of the spleen, 347—Warty growths in the larynx, threatening suffocation, in a pregnant woman; tracheotomy; death in fourteen hours; ineffectual labour in the interval; post-mortem Cæsariotomy, 393—Old-standing disease of the hip in a boy; excision of the joint; fatal result, 443

LOCK HOSPITAL.—Division of stricture of the urethra by the boutonière operation, 372

LONDON HOSPITAL.—Wood's operation for the radical cure of hernia completely successful, 32—Wound of the thyroid cartilage, severing the epiglottis; pneumonia; recovery, 140—Intestinal obstruction from cancer of the rectum; operation for artificial anus in the left groin; death in six hours, 243

MARYLEBONE INFIRMARY.—Three cases of strangulated femoral and inguinal hernia; herniotomy, 572

MIDDLESEX HOSPITAL.—Treatment of fractured patella by Malgaigne's hooks, 493

ROYAL FREE HOSPITAL. — Extensive fracture through the base of the skull, followed by oozing of serous fluid from the ear, and symptoms of compression; fatal result, 402
ROYAL WESTMINSTER OPHTHALMIC HOSPITAL.—Dislocation of the crystalline lens into the anterior chamber of the eye, during a fit of sneezing; successful extraction, 597
ST. BARTHOLOMEW'S HOSPITAL.—Puncture of the ascending aorta by a needle; death within two hours, 90—Typhlo-enteritis, arising from cæcal distension by flatus; cure by leeches and fomentations, 117—Abscess of the liver, punctured externally; secondary hepatic abscesses; dysentery, 166—Chronic hydrothorax of the left side, with displacement of the heart to the right; slight benefit from treatment, 216—Chronic syphilitic laryngitis; tracheotomy twelve months ago; loss of the uvula and epiglottis; aphonia and dysphagia; relief by treatment, 272—Stone in the bladder of a girl; removal by dilatation and incising the urethra upwards, 371—Œdema of the glottis, suddenly supervening in the hospital in a case of jaundice from obstruction in the hepatic duct, 393—Embolon in the cerebral arteries, followed by hemiplegia; extensive mitral valvular disease from rheumatism; improvement, 467—Chronic pyelitis of the right kidney, free from complication; persistence of pus in the urine, 544
ST. GEORGE'S HOSPITAL.—Leucocythæmia splenica; hypertrophy of the spleen, with white-cell blood; fatal result, 9 — Perineal emphysema, spreading to the upper parts of the body, 90 — Wound of the neck, and injury to the thyroid cartilage, in an attempt at suicide; death from fractured ribs, 139—Wound penetrating the larynx in an attempt at suicide, with detachment of a piece of thyroid cartilage; recovery, ib.—Abscess of the liver and loin, puncture of the former; secondary hepatic and pulmonary abscesses, 168—Impaction of a flint stone into the larynx of a child; successful removal after tracheotomy; death on the second day, 272 — Two cases of œdema of the glottis; tracheotomy; fatal result in each case, 393—The entire great omentum and portion of large intestine incarcerated in an inguinal hernia; recovery after operation, 571
ST. MARY'S HOSPITAL.—Saturnine disease, in a gas engineer, from contact with red and white lead, 60—Hydrothorax of the left side; emansio mensium; good effects of treatment, 217 — Tertian ague of short duration, with an enlarged and tender spleen; complete cure, 347 — Excision of the head of the femur for disease of six months' duration; fatal result on the twentieth day, 443—Strangulated oblique inguinal hernia; mortification of the bowel; operation; artificial anus; recovery, 571
ST. THOMAS'S HOSPITAL.—Incised wound of the neck with a carving-knife, injuring the external carotid artery; ligature of the common carotid; doing well, 141—Abscess of the liver from dysentery in a hot climate; puncture externally; recovery, 168 — Abscess of the liver following hepatitis; evacuation by puncture and by the bowels; recovery, ib.—Disease of the shoulder, with caries of the bones; excision of the joint; recovery with a useful arm, 193 — The recent case of wound of the carotid artery; detachment of the ligature, 344
UNIVERSITY COLLEGE HOSPITAL.—Wütner's operation for the radical cure of hernia; successful result, 35 — Perineal emphysema, spreading to the upper parts of the body, from puncture of the bladder through the rectum, for retention, 89—Typhlo-enteritis and obstinate constipation in a female twenty-four years of age; cure by leeches and aperients, 116—Hydrothorax of the right side, following pleuro-pneumonia; suspected tuberculosis; persistence of effusion, 217—Severe injury to the leg and arm from a railway accident; amputation of the thigh just below the trochanter; death from shock some hours afterwards, 321 — Embolon in the cerebral arteries, producing hemiplegia, in a case of disease of the heart from rheumatism; recovery, 467—Glucosuria induced by the pressure of a clot on the fourth ventricle and medulla oblongata; fatal result, 545
WESTMINSTER HOSPITAL.—Lateral dislocation of the knee-joint, with the formation of a foreign body; synovitis; recovery, 595
